

Professional Teeth Whitening Specialists

- Professional '*Laser Teeth Whitening*' and Dentist Strength '*Teeth Whitening Home Kits*'

- **Laser Teeth Whitening:**

It's an uncomfortable fact that our teeth discolour due to our diet and lifestyle; the foods that we eat and drink, and build up of nicotine from cigarettes, all contributing to the ageing factor of darkened discoloured teeth. The colour of our teeth is the first thing that people look at when assessing our age, so we're on a mission at Uber to give you all a beautiful, flawless, bright Celebrity Smile...and in the process, help turn back the clock 5-10 years?

Once a preserve for the rich and famous, Laser Teeth Whitening is now affordable and available to you at Uber Beauty. Have that brilliant, whiter smile with the revolutionary, professional and pioneering Laser Teeth Whitening System; and have a smile up to 14 times whiter in under an hour! We can give you that celebrity smile that will help you regain your confidence and to give you that Hollywood work over.

Present in over 60 salons within the UK under their Uber Medics brand, Uber's Laser Teeth Whitening is undertaken by Qualified and Certified Laser Teeth Whitening Specialists. Carrying out over 200 teeth whitening treatments per month, we hope you agree that we have the experience and expertise which is second to none to any other Teeth Whitening Company in the UK!

NB: Each application takes 10 minutes. You have **4 x 10 min** applications all done **within the hour** – no need for return visits as full treatment is done during the time you have with us:

Only... £99

- **Teeth Whitening Home Kits:**

Uber's Professional Home Whitening System specifically designed for you to use at home; quick, simple, and results driven! No need for expensive and time consuming visits to the dentist. This 'dentist strength' system will give you the exact same results for a snip of the cost from your dentist and the process couldn't be simpler: **Only... £99**

Our high quality 'professional teeth whitening system' includes:

- 2 x syringes of 'dentist strength' premium whitening gel (giving you 10 applications)
- 1 x silicone (twin) self moulding tray. Hygienically sealed and wrapped
- 1 x mould carrying case
- Full instructions for use

Our tray moulds are filled with a unique silicone gel, thus providing you with your own 'custom formed teeth impressions' (other types of trays that do not provide this method can damage the soft tissue at the gum line)?

Read the instructions before use:

Simply hold the twin tray in hot water for 5 to 10 seconds, shake off the water. Bite into the silicone gel to create your own customized impression, and remove.

Add the whitening gel (a small amount into the upper and lower tray) and gently bite back into the impression with the whitening gel added.

Next you should test that you're not overly sensitive to the gel by placing a small amount in the tray and by wearing it for less than 5 minutes. Wait a few hours and if you have no undue sensitivity you're ready to whiten your teeth.

We recommend wearing your trays for 20/30minutes at first, then gradually increase the wear time for up-to 1-2 hours at a time. Repeating the process will gradually whiten your teeth giving a more youthful, brighter, whiter smile! It's as simple as that.

Laser Teeth Whitening: (4 x 10 min applications)

normally **£299** now only: **£99**
